SEETHI HAJI CANCER DETECTION
AND TREATMENT CENTRE

SDC
SEETHI HAJI DIALYSIS CENTRE

Vision

To provide cutting-edge medical care to underprivileged individuals, particularly those affected by cancer and kidney disease, bridging the gap in healthcare accessibility.

Mission

Our mission is to ensure free and comprehensive medical treatment for impoverished cancer and kidney patients by:

- Collaborating with renowned medical experts and paramedical staff.
- Utilizing state-of-the-art medical equipment and technology.
- Creating a compassionate and dignified healthcare environment for patients.

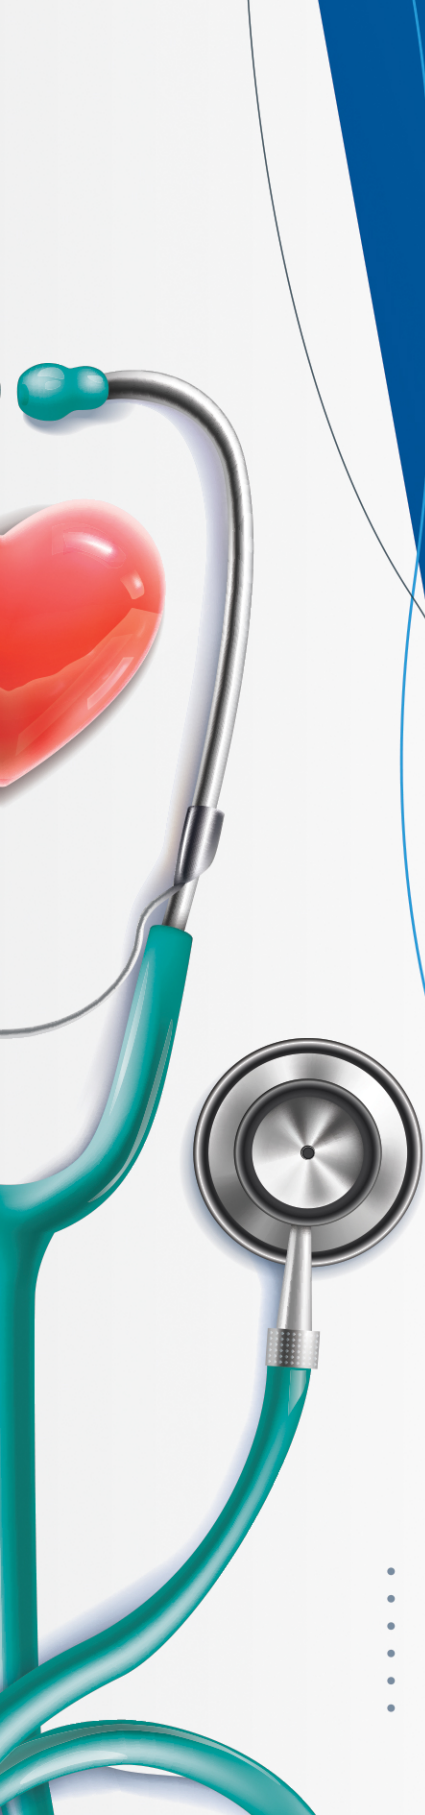

About Us

Seethi Haji was a visionary leader who made a lasting impact on Kerala's political landscape. As a former Government Chief Whip, parliamentarian, and philanthropist, his dedication to public service inspired countless individuals.

In honor of his legacy, the Seethi Haji Centre for Charities was founded under the leadership of his son, Mr. PK Basheer, MLA. Since 2008, he has spearheaded the organization's humanitarian efforts, ensuring quality healthcare reaches the most vulnerable.

Our primary mission is to provide free medical treatment to those in need. Over the years, we have supported hundreds of patients, offering them hope in their most challenging times.

Seethi Haji Cancer Detection and Treatment Centre

Cancer not only affects a person's health but also their financial and emotional well-being. After losing both his father and daughter to cancer, Mr. PK Basheer was inspired to establish the Seethi Haji Cancer Detection and Treatment Centre in Edavanna, a rural area in Kerala. This facility provides essential cancer care services to underprivileged patients.

To further enhance our services, we are working towards establishing a radiation unit and a pathology lab in the near future.

Services Offered at SCDTC Edavanna:

- Cancer screening and early detection (Primary Diagnosis)
- Oncologist consultations (Cancer OP)
- Cancer chemotherapy
- Mammograms
- Ultrasound scanning
- X-Ray services
- PAP Smear test
- FNAC test
- Biopsy test
- Cancer counseling and treatment guidance
- Palliative care for cancer patients
- Cancer awareness programs
- Cancer diagnosis camps
- Karunya Pharmacy (subsidized medicines)
- KASP (Kerala's healthcare assistance scheme)

Seethi Haji Dialysis Centre

Kidney disease is a growing health crisis, and access to affordable dialysis is a major challenge for many underprivileged patients. To address this, we have established a dialysis centre equipped with 10 machines to provide free treatment.

Our vision is to expand this facility to multiple locations across the Ernad constituency, ensuring more kidney patients receive the care they need.

Join Us in Making a Difference

Providing free, high-quality healthcare is a significant responsibility, and we rely on the generosity and prayers of our well-wishers to continue our mission. Your support—whether through donations or spreading awareness—can help save lives.

We have introduced a fund collection app to make donations easy, secure, and seamless. Every contribution directly supports patient care, ensuring free and quality medical treatment for those in need.

The Seethi Haji Centre for Charities is a registered trust:
